Collaborative Testing Services, Inc

FORENSIC TESTING PROGRAM

Mobile Digital Evidence - Android Analysis
Test No. 24-5550 Summary Report

Participants were provided with data yielded from an extraction of a smartphone. They were asked to examine the extracted data and answer scenario-based questions utilizing their own tools and methods. Data were returned from 111 participants and are compiled in the following tables:

This report contains the data received from the participants in this test. Since these participants are located in many countries around the world, and it is their option how the samples are to be used (e.g., training exercise, known or blind proficiency testing, research and development of new techniques, etc.), the results compiled in the Summary Report are not intended to be an overview of the quality of work performed in the profession and cannot be interpreted as such. The Summary Comments are included for the benefit of participants to assist with maintaining or enhancing the quality of their results. These comments are not intended to reflect the general state of the art within the profession.

Participant results are reported using a randomly assigned "WebCode". This code maintains participant's anonymity, provides linking of the various report sections, and will change with every report.

Manufacturer's Information

The Mobile Digital Evidence – Android Analysis test consisted of evidence data acquired from a smartphone. Participants were asked to examine the extracted data pertaining to a simulated scenario using their own tools and methods.

SAMPLE PREPARATION/VALIDATION
A scripted scenario based upon a death investigation case was created to generate user data on the evidence Android device. The execution of the scripted crime took place between 25 November 2023 and 14 January 2024. A Google Pixel 5 smartphone was used to perform the activities and generate the intended artifacts.

The phone data was acquired via a file system extraction of the smartphone using Cellebrite software and compiled into a zip archive. This file was uploaded to the CTS Portal for participants to download. A MD5 checksum was calculated for the file to generate a unique hash value that allows participants to validate the successful download of the file.

The validation stage consisted of the examination of the phone data using various tools including Cellebrite PA 7.66, Android debug bridge 34.0.5, Autopsy 4.21.0, 7-zip 19, Exiftool 12.05, Windows Powershell 5.1.19041.3930 and DB Browser for SQLite version 3.12.2.

VERIFICATION: Results from the predistribution laboratories were reviewed and certain questions were rephrased as necessary. Several forensic software tools were utilized during the validation of this test. CTS does not endorse any particular tools.

PLEASE NOTE: Questions marked with asterisks (**) did not show a clear consensus during preliminary review of the participants' responses. Further information and discussion will be available in the final summary report.

SCENARIO PROVIDED TO PARTICIPANTS

The subject phone was discovered near the body of an unidentified woman found deceased at the bottom of a staircase. The device was submitted to your lab to determine, to the extent possible, the woman's identity and the events before her death.

Manufacturer's Information, continued

Question   *Manufacturer's Responses*

1   Within the zip folder titled "pixel5.tar-001" downloaded for this test is a file titled "pixel5.tar" which has a SHA-1 hash of 5de10dd021ca0611db11d9049e97cbcdc4c5bac9. Provide the SHA-256 hash of pixel5.tar (not the zip folder).
AF7B1A33A991E13D50FE654DFAD48178CAF1093321EF2A86F8B0013333D7394D

---

2   What is (major) version number of the Android operating system running on this phone (integer)?
14

---

3   What is the set time zone for this phone? (Provide answer in the format Continent/City, e.g. "Europe/Kiev").
America/New_York

---

4   What is the phone number CURRENTLY in service on this device?
18262047741

---

5   Provide the device owner's (first and last) name (as registered in the Google account).
Kerry Kennedy

---

6   What is the account name (email address) for this device's google.com backup account?
kerrykennedy365@gmail.com

---

7   What is the password for the Wi-Fi hotspot named Pixel_1835 with MAC address 9e:04:73:f4:bc:86?
yourmomspassword

---

8   What is the name of the Bluetooth device with MAC Address 44:eb:2e:70:1a:15?
Uconnect-P00500

---

9   What contact has the term "occidentalis" as a note in their contact card?
Jack Thomas

---

10   Describe the content of the photograph associated with the contact (referenced in question #9) with the term "occidentalis" as a note in their contact card?
Owl

---

11   From what phone number did the device RECEIVE an sms message on 12/19/2023 UTC+0 (December 19, 2023)?
+18056490409

---

12   What is the user's username (email address) for the tinder app?
kerrykennedy365@gmail.com

13**   What was the last_activity_date for the Tinder app? Provide your date response based on the device-local-time using the date picker. The date picker will present the date in this format: YYYY-MM-DD.
2024-01-13

---

14   Provide the FULL text of the tinder message received 1/12/2024 (January 12, 2024) 5:32:21 PM(UTC+0)
"Hi K! What's been the best part of your week so far?"

---

15   What terms did the user search on Google 1/12/2024 (January 12, 2024) 3:02:07 AM (UTC+0)?
safe tinder date

Manufacturer's Information, continued

Question   *Manufacturer's Responses*

16   On what date (START) was the user scheduled to go on vacation? (Provide date in YYYY-MM-DD using the date picker.)
2024-07-14

---

17   What contact name is associated with the phone number 757-384-0929?
Cindy

---

18   What does the call log database show as the duration (length of time) for the call from Mike Bosserman?
00:00:50

---

19   What address did the user store as their home address in Google Maps? (Provide full address)
3101 S Manchester St, Falls Church, VA 22044

---

20   What is the SHA256 hash of the file with MD5 hash 75bb3c93b66294f328ef417fbd619198 (or SHA1 392036a27d3e7f0ea32d975d51c214da4ed942d5)?
8b545869d492c13eb3d3bbd77fde41ad1013e1a71d3d59e74344889c80a5ff87

---

21   Provide the content of the LAST WhatsApp message received by the user?
"You wanna head outside and maybe walk for a bit. It's too crowded and loud inhere for conversation"

---

22   What was the subject of the email received in the owner's Gmail account on 1/13/2024 (January 13, 2024) 7:36:22 PM (UTC+0)?
Security Alert

---

23   Provide the GPS altitude (in meters above sea level) for PXL_20240110_021227487.jpg.
1596.2

---

24   What kind of file (media type, file type, MIME type, content type) is the file with MD5 hash 3cc0731bdd38f847726c5b5d5c579c5d?
SQLite format 3, or SQLite Database, or Database

---

25   In what U.S. city was the device located on January 9, 2024?
Boulder

---

26   What was the date and time of the LAST OUTGOING call? Provide your response in UTC+0 using the date/time picker. Date is presented in YYYY-MM-DD and Time should be in 24-hour format.
2024-01-13 18:56

---

27   Provide the name and number of the WhatsApp contact the user communicated with on 1/14/2024 UTC+0 (January 14, 2024)?
Chris

15714788078

---

28   On what date and time (UTC+0) was the Google Keep note titled "New year's resolutions" created? Provide your response in UTC+0 using the date/time picker. Date is presented in YYYY-MM-DD and Time should be in 24-hour format.
2024-01-02 20:24

29**   What was the LAST location (place name) the user searched for in the Google maps app?
The Exorcist Steps

Manufacturer's Information, continued

Question   ***Manufacturer's Responses***

30   To where did the user navigate with Google Maps on 1/14/2024 (January 14, 2024) 1:55:52 AM (UTC+0)? Provide your response in latitude, longitude using the following format ##.#### (indicate directionality as N or S), and ##.#### (indicate directionality as E or W).
38.9054 N, 77.0701 W

31   Provide the path and filename (with extension) to the LAST user-recorded video on (by) this phone.
/data/media/0/DCIM/Camera/PXL_20240114_022600930.mp4

32   Describe the content of the last user-recorded video on this phone.
The video shows a view of the camera (and presumably the user) tumbling down a long flight of stairs

Summary Comments

The purpose of this Mobile Digital Evidence Test is to allow participants to evaluate their proficiency in analyzing digital artifacts using their own tools and methods. The participants were provided with a scripted scenario, the data extracted from a smartphone, and a series of questions related to the extracted data. Refer to the Manufacturer's Information for preparation details.

The participants were requested to analyze various digital artifacts including: image details, phone and network settings, native and third-party applications, communications, web browser history, and Geo-Location information.

A total of 111 participants returned results for this test. Of the 32 questions that comprised this test, two questions did not achieve a consensus response, questions #13 and #29. For question #13, participants were asked to locate and report the last activity date for the Tinder app. Approximately 33% of responding participants reported the Manufacturer's response of 2024-01-13, while another 52% reported 2024-01-14. For question #29, participants were asked to identify the last location the user searched in the Google maps app. Approximately 59% of responding participants reported the Manufacturer's response of "The Exorcist Stairs" while 26% reported a Glebe Rd address in Arlington VA.

Detailed explanations and screenshots of the Manufacturer's responses can be found within Table 1 under the "Manufacturer's Response Explanation" section for each question.

Participants are encouraged to follow their laboratory's policies and procedures when evaluating their responses to these proficiency test questions.

TABLE 1

Question 1 - Examination Questions

Question 1: Within the zip folder titled "pixel5.tar-001" downloaded for this test is a file titled "pixel5.tar" which has a SHA-1 hash of 5de10dd021ca0611db11d9049e97cbcdc4c5bac9. Provide the SHA-256 hash of pixel5.tar (not the zip folder).

<u>Consensus Result</u>: AF7B1A33A991E13D50FE654DFAD48178CAF1093321EF2A86F8B0013333D7394D

<u>Manufacturer's Response Explanation</u>:

Any reliable hashing tool can be used to calculate the SHA-256 hash.

<u>Response Illustration</u>:

PowerShell hash calculation of pixel5.tar

```
PS: $get-filehash -alg sha256 .\pixel5.tar

Algorithm       Hash
---------       ----
SHA256          AF7B1A33A991E13D50FE654DFAD48178CAF1093321EF2A86F8B0013333D7394D

TABLE 1

Question 9 - Examination Questions

Question 9: What contact has the term "occidentalis" as a note in their contact card?

Consensus Result: Jack Thomas

Manufacturer's Response Explanation:

A keyword search of all file content in the extraction will discover the term in the contacts database, /data/user/0/com.android.providers.contacts/databases/contacts2.db in the "data" table, associated with raw_contact_id 357. The raw_contacts table shows id 357 is Jack Thomas.
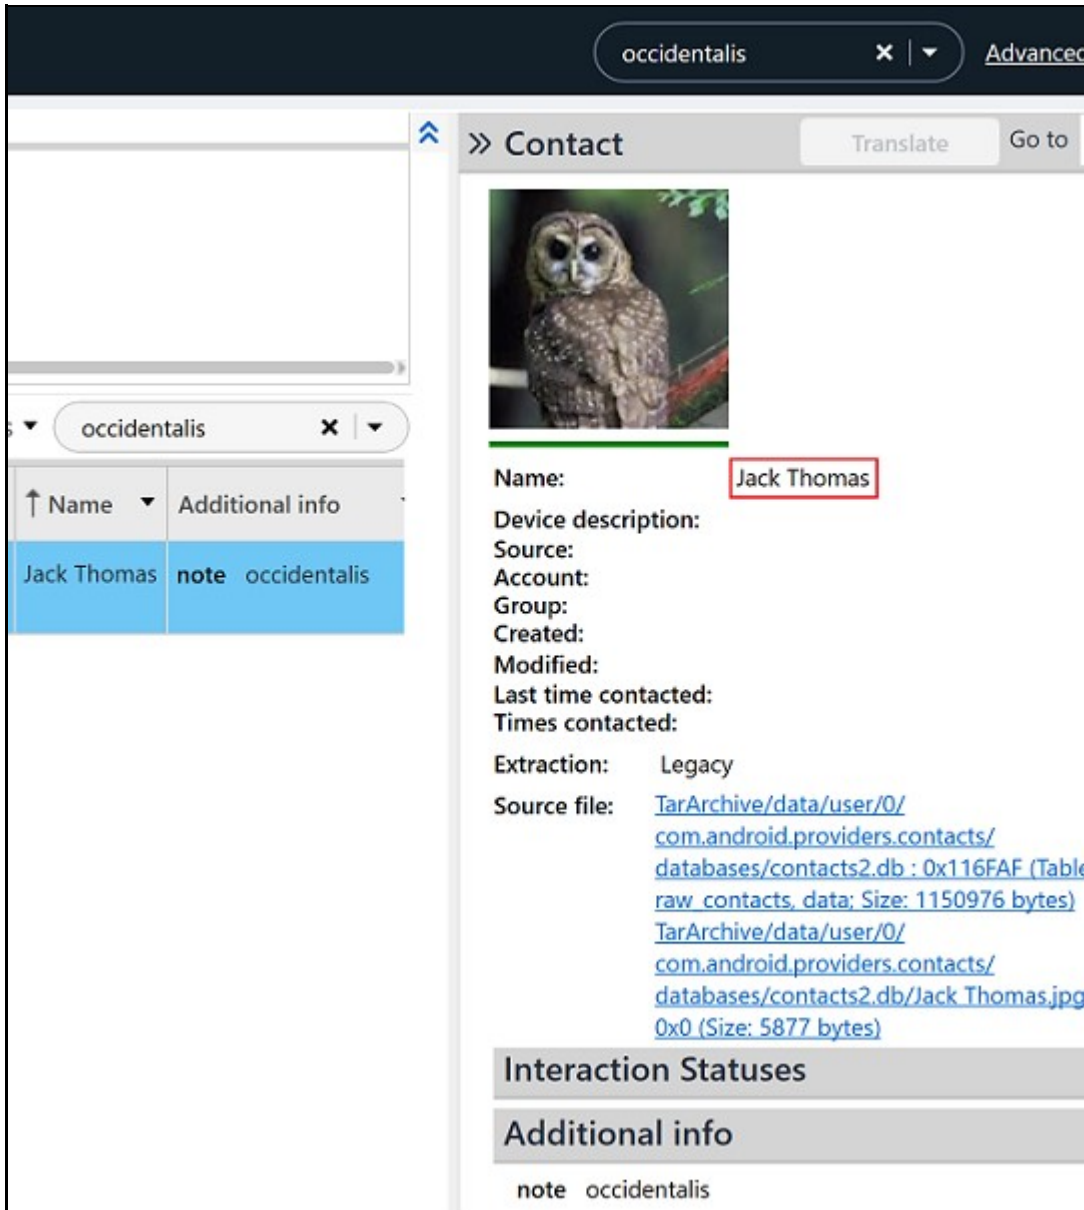

Response Illustration:

Jack Thomas

TABLE 1

Question 10 - Examination Questions

Question 10: Describe the content of the photograph associated with the contact (referenced in question #9) with the term "occidentalis" as a note in their contact card?

<u>Manufacturer's Response</u>:   Owl

WebCode	Response
2MTFA6	The photograph depicts a brown owl with white spots showing its back with head turned. The owl is possibly sitting on a branch.
2N7PMC	The content of the photograph associated with the contact Jack Thomas appears to be an image of an owl.
2WLLD4	An owl
36AWZ6	Owl
3FQQ67	one brown owl
3Q98XC	An Owl sat on a tree
3QAXC8	Owl
4LDQ84	Picture of an owl

Question 13 - Examination Questions

TABLE 1

Question 13 - Examination Questions

Question 13: What was the last_activity_date for the Tinder app? Provide your date response based on the device-local-time using the date picker. The date picker will present the date in this format: YYYY-MM-DD.

<u>Consensus Result:</u> A consensus was not achieved for this question. The intent of this question was for participants to locate the string last_activity_date in the application data (database) for the Tinder app and determine the date of the last activity recorded by the app. 33% of participants reported the date of 2024-01-13 and 52% of participants reported 2024-01-14. The date of 2024-01-14 corresponds with the last modified date of the database (tinder-3.db), and not the date of the actual last use of the app.

<u>Manufacturer's Response Explanation:</u>

Configuration settings and data for the Tinder app are stored in /data/user/0/com.tinder/databases/tinder-3.db. The last_activity_date is the only value in the last_activity_date table.

<u>Response Illustration:</u>

tinder-3.db

TABLE 1

Question 18 - Examination Questions

Question 18: What does the call log database show as the duration (length of time) for the call from Mike Bosserman?

Consensus Result: 00:00:50 and formatting variations

Manufacturer's Response Explanation:

Contact Mike Bosserman has the phone number 337-483-1075. The call log shows a call that lasted 50 seconds long from this number on 1/13/2024. Call log data is stored in /data/data/com.android.providers.contacts/databases/calllog.db. Review of this database finds the record for this call (in the calls table).

Question 20 - Examination Questions

Question 20: What is the SHA256 hash of the file with MD5 hash 75bb3c93b66294f328ef417fbd619198 (or SHA1 392036a27d3e7f0ea32d975d51c214da4ed942d5)?

<u>Consensus Result</u>: 8b545869d492c13eb3d3bbd77fde41ad1013e1a71d3d59e74344889c80a5ff87

<u>Manufacturer's Response Explanation</u>:

Searching files by the hash provided will discover Cute Cat Video.mp4. The SHA256 hash can be computed after exporting the file from the extraction.

<u>Response Illustration</u>:

Metadata - Cute Cat Video.mp4

Hashes - Cute Cat Video.mp4

Question 26 - Examination Questions

TABLE 1

Question 26 - Examination Questions

Question 26: What was the date and time of the LAST OUTGOING call? Provide your response in UTC+0 using the date/time picker. Date is presented in YYYY-MM-DD and Time should be in 24-hour format.

<u>Consensus Result</u>: 2024-01-13 18:56 (or 18:57) and 2024-01-13 06:56

<u>Manufacturer's Response Explanation</u>:
Call log data is stored in /data/data/com.android.providers.contacts/databases/calllog.db. Sorting by timestamp identifies the last outgoing call as 1/13/2024 6:56:40 PM(UTC+0).

<u>Response Illustration</u>:
Cellebrite "Call Log" table selection showing outgoing call

TABLE 1

Question 29 - Examination Questions

Question 29: What was the LAST location (place name) the user searched for in the Google maps app?

<u>Consensus Result:</u> A consensus was not achieved for this question. The majority (59%) of participants reported "The Exorcist Steps." The intent of this question was for participants to locate the new_recent_history_cache_search.cs file and discover the search for "The Exorcist Steps." Another 26% of participants reported "901 N Glebe Rd, Arlington, VA 22203" which was a location to which the user navigated to on the relevant day, but was not the last location searched.

<u>Manufacturer's Response Explanation</u>:

Recent maps search history is stored in /data/user/0/com.google.android.apps.maps/files/new_recent_history_cache_search.cs, in reverse order (new entries are appended to the top of the file). Review of this file shows "The Exorcist Steps" to be the latest item searched in Google maps.

<u>Response Illustration</u>:

TABLE 1

Question 31 - Examination Questions

Question 31: Provide the path and filename (with extension) to the LAST user-recorded video on (by) this phone.

<u>Consensus Result</u>: /data/media/0/DCIM/Camera/PXL_20240114_022600930.mp4 and variations representing similar information

<u>Manufacturer's Response Explanation</u>:

Recorded videos and pictures are stored in the Digital Camera Images directory at /data/media/0/DCIM/Camera/. The video with the latest created/modified date is PXL_20240114_022600930.mp4.

<u>Response Illustration</u>:

TABLE 1

Question 32 - Examination Questions

Question 32: Describe the content of the last user-recorded video on this phone.

__Manufacturer's Response:__ The video shows a view of the camera (and presumably the user) tumbling down a long flight of stairs

WebCode	Response
2MTFA6	Possibly a person or phone falling down a set of stairs.
2N7PMC	The video displays what appears to be a first-person recording of falling down some stairs.
2WLLD4	The person holding the camera is at the top of an outdoor flight of stairs next to a tree and a brick wall with arched windows. It's dark outside but lit with electric lighting. The person holding the phone appears to fall down the stairs OR drop their phone down the stairs (we see the phone tumble from a first person point of view).
36AWZ6	Outdoor stairs where user of the phone was moving downward until the phone appeared to have been dropped, after a brief pause more movement occurred.
3FQQ67	Someone walking down some stairs in the city known as "The Exorcist Steps" and then falls.
3Q98XC	Shows the view from the top of some steps, the device then appears to roll/spin down the steps.
3QAXC8	Phone/user falling down steps, mimicking one of the final scenes in The Exorcist film.
4LDQ84	The phone is recording a video that starts at the top of an outside staircase. The phone then tumbles down the staircase (simulating someone falling down the staircase).
4YG2R6	Looking down dark stairwell with shaky camera. Red brick on left, Gray stone on right.
68MGX4	stairs, movement/shaky turning camera, black screen, black criss-cross material with leaves
6BQ224	Video portrayed a view of a downhill staircase, then movement, and a view of the floor.
6GXHJ6	It appears to be stairs
6PBG63	In this video we can see long staircase, and it looks like the phone rolls down on it.
6UMHA8	a phone falls down a stairwell.
6YGC89	The phone recording it falling down stairs.
73BTX8	Device is tumbling down a set of stairs.
78ZEJZ	It's night and a person is walking down some stairs, next to a building, while recording a video. Suddenly, it seems that the mobile phone falls down the stairs, bouncing off the steps, as it continues to record, until it stops and the image goes black. Finally, someone picks up the mobile phone again and stops recording.
7RTB62	The content of the video is of what appears to be someone falling down a set of stairs. It appears to be similar stairs to the ones in the Exorcist.
7W7ULH	Appears to be a video of someone(probably the user) dropping their phone which appears to be rolling on the stairs and settles down and probably gets picked up
8CFHC9	Someone walking down the stairs next to a bricked building on the left, The phone appears to fall down to the ground and flips, Then someone picks it up and the video ends.
8EKT77	A flight of stairs
8QRKQ7	Video is of a phone falling down some stairs.
8YPCYZ	Walking down stairs outside then falling or dropping the phone down the stairs. 19 second video
92D26X	Phone appears to to fall down a stairway
93LELZ	Video at the top of a flight of stairs and then the device/person rolling/falling down the stairs before coming to a stop above a metal grate.

TABLE 1

WebCode	Response
94BPB8	This is a video file that captures a scene where the user loses his or her phone while taking a video while going down the stairs.
98DMLZ	The phone slips. The device somersaults, aero bating in a freefall. The camera captures every detail—the blur of steps, the flicker of light through the banister. The phone ricochets off the numerus step, spins wildly, and lands on its back. The lens, stares down at the end of the stares where the metallic frame of rain collector is.
9LVFA7	The camera holder is walking down a staircase in a dimly-lit alley, then the camera holder falls or drops the camera, which rolls down the staircase before coming to a stop.
9QCNX7	The person is recording the outdoor stairs with their phone camera, and then drops their phone down the stairs while it's still recording. The device is then picked up near the end of the video.
9WLDJ7	The last recorded video clip (PXL_20240114_022600930.mp4) found on this mobile device (exhibit: pixel5) was captured on January 14, 2024 at 2:26:22 AM and lasts for 19 seconds. The footage appears to have been shot by an individual whose face or body is not visible in the frame. It is shot from a stair that leads to a narrow alleyway. The building adjacent to the staircase, with graffiti on its wall, can be seen on the left side of the frame, while a stone wall is visible on the right. Two lamps provide ample lighting for the scene, illuminating several long windows on the building's facade. At around 3 seconds into the video, the person recording appears to stumble and fall down the steps until approximately 8 seconds have elapsed (a total of 5 seconds). There is no activity in the frame from 8 to 16 seconds, at which point the camera pans to a metal fence-like object that has some fallen leaves nearby. The video ends shortly thereafter."
9YL3QZ	The user is walking down a steep flight of stairs with a metal railing on the left side between a brick wall and a stone wall. It appears the phone is dropped or the user falls down the stairs and ends showing a metal grate with leaves.
A2MQHU	View from top of a large flight of stairs, identified from previous searches as 'The Exorcist Steps' Washington, DC. Camera falls and then starts to role down the steps before coming to a stop and the screen going black. The view then briefly moves to a grate with leaves on before the video stops. Video Duration 19 seconds.
A97UPW	Starts at top of a stair case outside. Camera then drops. Loads of blurry images which indicate a fall. Screen goes blank. Image of a grate type object at the end.
AP9F7X	The phone appears to be tumbling down an outside staircase, between a brick building and a stone wall.
AUAEP4	Video depicts the phone recording from the top of a stairwell, it appears the phone drops and tumbles down the stairs and the screen goes black for a few seconds then you can see a grate of some sort with leaves.
AX67XZ	The video is of the device itself falling down stairs.
B238B3	The phone is being dropped down some stairs
B2LZ4Y	It starts with a flight of stairs, then the screen shakes and rolls with sound and light, then the screen goes dark for a while , and the next screen looks like an iron fence and leaves.
B4U6PZ	Video starts at top of outside stairwell, phone appears to fall down the stairwell.
BAQ8JY	It appears to be an apropos video of the phone being thrown down the stairs in a recreation of the ending of the 1973 movie "The Exorcist" where the priest threw himself down the stairs.
BH7TR4	The video shows a phone being dropped and falling down some stairs
CBMXBZ	A phone and/or person falling down flights of stairs in a alley.
D4YJ2Y	User appears to walking down outdoor steps before falling down the steps. The screen goes blank before displaying a metal grid-like object with leaves.
D83QN3	tumbling down the stairs.
DCWCAT	long downhill stairs at night
DGP8GR	Someone holding a phone and falls downstairs
DJFG7Z	Mobile phone falling down stairs
DMHB9B	Video recording of someone ascending a staircase

TABLE 1

	Question 32 - Examination Questions
WebCode	**Response**
DPMHM3	The content of the video is as followed someone was standing near to the stair and slip down either the phone or both of them.
DUCKAT	A night time view looking up a staircase from the bottom of staircase
E2PTBV	Falling down stairs
EBWLPW	Not within laboratory's scope
EYJBDY	The video begins with a view from the top of a flight of steps. As the video starts, the phone suddenly topples over and begins its descent down the steps. With each bump and roll, the phone gains momentum, bouncing and tumbling down the steps until it reaches the bottom. The video ends as the phone comes to a stop at the bottom of the steps.
FBAKBT	A fall down a staircase
FBWVA2	Falling down from the stairs.
FEQ3EV	Not within laboratory's scope.
GTQ22R	The video showed a set of stairs and then the phone getting dropped down the stairs.
HDRNWV	It's a narrow street with stairs, then the telephone moves and at the end you see a fence.
HL88FU	19 seconds long video clip starting with the phone camera showing down the stairs and then camera falling down stairs
HT7MBU	Falling down stairs
HYCG7P	Apparent video of falling down a set of stairs.
JJTX3M	long downhill stairs at night
JQV78V	Camera falling down a long flight of stairs
JZNDBU	Phone falling down stairs.
K4F93R	Bike ride down the stairs that ends in a fall
KFAF7N	Recording begins at the top of a steep, 2-landing alley stairwell. The alley is behind a red brick building and adjacent to a rock wall with vines. The user puts the phone to their side/down as motion by the user occurs. When the motion happens, the recording is a blur and there is mostly just audio. At the end of the video, a metal grate with leaves is visible.
L32W9T	It appears to be a staircase and the device tumbling down a few times then landing in some leaves on a metal grate.
LFPYQL	falling down steps
LM7GZM	The phone tumbled down the stairs
M2L2XL	The person filming falls down the stairs
M9LCCQ	Recording contains video images. Initial images of a nighttime scene from the top of a stairwell. Stairwell has black painted tubular metal railings on both sides; a red brick wall with windows and artificial lighting on left side, on the right, a gray stone wall topped with bare woody plant material and greenery spilling over the top of the wall and partway down the vertical surface into the well. The camera, while continuously recording images, appears to fall down the stairs / tumble down the stairs, frames of video are black and then contain blurry gray colored streaks, some containing streaks of light, as if the camera were rotating too fast to capture clear images. Between the 8 – 19 second marks the recording contains only black frames. After that frames contain images of a gray metal grate having diamond shaped openings, some brown deciduous leaves, having lost their green color, are visible. The recording ends. Audio contains sounds of breathing, rustling, crunching, jangling metal, consistent with a camera tumbling down a stairwell and after coming to a stop, being picked up.
MCYC9H	Dark Alley, appear to fall down stairs

TABLE 1

WebCode	Response
MQ73BQ	A device is falling down the stairs and lands in leaves on a grate
MT4T9P	A 19 second video that appears to show a person falling down some stairs
MVVRMM	Camera is attached to something which then is pushed/falls down an outside staircase and records this content. No sound other than crashing down the steps.
MZ8Q3M	Falling down stairs
N9J4KH	The last user-recorded video named PXL_20240114_022600930.mp4 dated on 1/14/2024 2:26:22.000 AM UTC+0 at the coordinates of Lat,Long 38.9051,-77.0701. The phone was fall down at the alley stairways.
NCYLUM	The video begins at the top of a stairwell, which is reasonably believed to be in an alley. After a few seconds in, the camera is dropped and proceeds to roll down the stairwell, landing in a manner that there is no picture. Footsteps are heard before the camera image is moved, and a metal grate/fence is seen. The camera is then turned off.
NRVA7R	Individual recording while walking down some stairs near a building and falling off to the ground and then re-picks the phone up and the video stops.
NUHEHQ	Throwing the phone down the stairs
P3R4WP	A person is recording with the camera. They look directly down the black outdoor stairs and then appears to fall all the way to the bottom. The device is then picked up near the end of the video.
PPKBDP	Falling down the stairs, dropping the phone onto a black grate
PQUDYN	fall down the stairs
PY92YH	The last video the user recorded is 'PXL_20240114_022600930.mp4', and it shows someone falling down the stairs.
Q77D9J	Not within laboratory's scope.
QA26GG	Someone walking down a flight of stairs and dropping the phone. The phone eventually comes to rest and someone can be heard walking toward the phone and moving it before the video ends.
QZUC4F	long downhill stairs at night
R66MUP	The recorder fell into the stairwell
R7KWTG	The video starts at the top of an outdoor staircase. Then goes into a blur that appears to tumble down the stairs with loud sounds. Video goes black, then ends with shot of what appears to be a metal grate.
RGX9ZJ	The device user is at The Exorcist Steps in Washington D.C, where the device appears to have been dropped down the stairs and continues to fall down the stairs until the end of the video.
RJ6LGL	fell down the stairs
RQ8NRD	The first frames are at the top of some steps between a building and a plant covered wall. The user goes down a few steps then it appears that the user/device is falling down the steps, the video is just black from 8 seconds in to 18 seconds in and then ends with a shot of a grate/grille.
T3BFNH	Falling down the stairs
TP8XDH	The phone was filming a stairs next to a red building, then it fell down from the stairs.
U3QZ9F	Falls down the stairs.
UGV9YB	19 second recording from a phone in a white padded bag dropping down concrete stairs.
UYBHYB	It appears the device is at the top of a staircase and falls. The camera footage goes black and ends showing a grate and with leaves in it.
UYBRKF	Appears to be a set of stairs. Then the camera goes down the steps.
VA49AG	Downstairs video was recorded

TABLE 1

WebCode	Response
Question 32 - Examination Questions	
VCF2BB	The phone owner falls down the external steps of Nirvana DC Wellness Center, 371 Canel Rd. NW Washington DC
VFVHJF	A person recording while walking down stairs, and then it seems as if the phone falls down.
WFVTYJ	Someone falling down a flight of stairs
WVK63D	The video recording shows stairs and then the person holding the smartphone falls and rolls down the stairs. After that the video is dark for a while and at the end the video recording shows a steel mesh and tree leaves.
XECB9H	In video, the photographer falls down the stairs and rolls over.
XLA3GC	Landscape view where camera is looking down a flight of steps. Camera then goes shaky and goes to a black screen. The ending the video comes back into focus and to a standstill.
Y4AMFC	Not within laboratory's scope
Y8QV4B	The person or the phone was dropped/pushed down stairs.
YL73UG	The video starts at the top of a set of stairs. A person can be heard breathing. The rest of the video shows the camera/phone falling down the set of stairs. The end frame appears to be of a metal grate with some fallen leaves.
YLPWGC	The video is pointing at a stairs and appears like the phone fell and went down the stairs and then picked up.
ZKCM47	nighttime, illuminated narrow alleyway, steep steps descending, the phone falls down the steps, at the end of the video someone picks up the phone
ZTMXBB	The camera is facing down a large amount of steps. The steps are outside. It appears that the person holding the camera falls down the steps/ drops the camera as it looks like the camera is twisting and falling down the steps. There is a period of blackness where you cannot see anything on the video. The video ends with a view of a metal grate with a leaf on it.

TABLE 1

Question 32 - Examination Questions

Question 32: Describe the content of the last user-recorded video on this phone.

<u>Consensus Result</u>: The video shows a view of the camera (and presumably the user) tumbling down a long flight of stairs. Variations of this description were also accepted.

<u>Manufacturer's Response Explanation</u>:

Recorded videos and pictures are stored in the Digital Camera Images directory at /data/media/0/DCIM/Camera/. The video with the latest created/modified date is PXL_20240114_022600930.mp4.

<u>Response Illustration</u>:

PXL_20240114_022600930.mp4

Additional Comments

TABLE 2

WebCode	Additional Comments
4YG2R6	Needed to have file to be something besides .tar to get full data.
68MGX4	Question 25: (40.021252, -105.257631), Boulder, Colorado - according to Google Maps online search 3/6/2024. Question 29: Address: 901 N Glebe Rd, Arlington, VA 22203; GPS coordinates: 38.881516, -77.115167; Saved Location Name: 901 N Glebe Rd; Name according to Google Maps online search: within the building there are multiple place names: Institute for Justice, ADP Arlington, SP+ Parking, Arlington Gateway, etc. Question 30: full, non-format compliant, non-rounded coordinates: 38.905481 N, -77.070180 W. Question 31: other paths: pixel5.tar\mnt\androidwritable\0\emulated\0\DCIM\Camera\PXL_20240114_022600930.mp4; pixel5.tar\mnt\pass_through\0\emulated\0\DCIM\Camera\PXL_20240114_022600930.mp4
6GXHJ6	Question 24 - Not sure what answer in terms of file type was required since the examples were numerous in terms of type of file. Question 29 - Not sure what is meant by place name, assumed that it was referring to the Work label so I put both the address and the work label. Question 30 - Not sure if You are supposed to remove the negative sign or not. According to my research 4 decimal points gives and inaccurate GPS coordinate and I'm not sure if round up or cutting off the remaining numbers will give an accurate coordinate. Question 32 - Not sure what specifically I'm supposed to identify in the video.
7RTB62	Software used: VM Ware 17.5.0-22583795; Cellebrite Physical Analyzer 7.66.0.9; Magnet Axiom 7.9.1.38948; HashMyFiles 2.36
8EKT77	Question 31: There appears to be 2 files with a more recent Modified date/time in the following location TarArchive/data/media/0/DCIM/Camera; with the filenames PXL_20210114_022600930.mp4 and PXL_20210114_022417873.mp4. The DCIM folder may contain files taken with the device, downloaded, or saved from other locations. The last user-recorded video file most likely taken "by this phone" would be the file located under the "user" and "GoogleCamera" path since the device is a Google Pixel. Resulting in the selected answer as: Path: TarArchive/data/user/0/com.google.android.GoogleCamera/cache/datasets/PANO_20240113_212351/capture.mp4; Filename: capture.mp4 Question 32: The file, PXL_20210114_022600930.mp4, appears to be a blurred thumbnail and when the file is selected to play appears to be a blank screen. The file, PXL_20210114_022417873.mp4, appears to be a flight of stairs.
8QRKQ7	In question 16, it was not specified if the start date is to be reported in UTC or in the device's local time, so UTC was used. In question 30, the GPS coordinates were rounded to four decimal places.
93LELZ	I, sincerely, appreciate that this test was much closer to actual case work, with regards to what information was sought and where it was located, than previous exams have been.
9WLDJ7	Conclusion: Following the analysis of data on the device (exhibit: pixel5), the historical artefacts indicate that the owner of this device is "Kerry Kennedy" who is the resident of 3101 S Manchester St, Falls Church, VA 22044. The work address saved in the Google Maps app is 901 N Glebe Rd, Arlington, VA 22203. The last person she was in contact was Chris whose number was identified as 15714788078. The last recorded video from this device suggests that she appeared to be descending a staircase and potentially fell from it.
EBWLPW	Questions 6, 10, 13, 16, 20, 24, 28, 29, 30, 31, and 32 were deemed outside laboratory scope. Questions 13, 16, and 28 left blank. Response needed to be not within scope, but question does not allow free form text, therefore left blank.
LFPYQL	Question 32 is unclear as to what exactly is happening. It could be someone with the victim's phone appearing to fall down steps, or it's the victim possibly falling down steps, possibly either from tripping and falling, or being pushed. It is unclear. Question 30 sees some discrepancy in the Lat/Long coordinates with the 4th digit varying as much as 2 seconds. between the image metadata versus the Google Maps location data. Question 21 has two mispellings; unclear if the question requires exact transcript. Answer provided is exactly what was shown in the database entry.

TABLE 2

WebCode	Additional Comments
M9LCCQ	32). Recording contains video images. Initial images of a nighttime scene from the top of a stairwell. Stairwell has black painted tubular metal railings on both sides; a red brick wall with windows and artificial lighting on left side, on the right, a gray stone wall topped with bare woody plant material and greenery spilling over the top of the wall and partway down the vertical surface into the well. The camera, while continuously recording images, appears to fall down the stairs / tumble down the stairs, frames of video are black and then contain blurry gray colored streaks, some containing streaks of light, as if the camera were rotating too fast to capture clear images. Between the 8 – 19 second marks the recording contains only black frames. After that frames contain images of a gray metal grate having diamond shaped openings, some brown deciduous leaves, having lost their green color, are visible. The recording ends. Audio contains sounds of breathing, rustling, crunching, jangling metal, consistent with a camera tumbling down a stairwell and after coming to a stop, being picked up.
N9J4KH	Q#30 - i used this converter found at https://www.latlong.net/lat-long-dms.html
NCYLUM	Question 16 does not state which time zone to use (device or UTC) - Because the time is set to 8PM (device), this date could switch if the question is for UTC. Question 30 - I was unable to find any timestamp on the device to the exact second. With the gmm_storage.db file, Google maps was found to start a "walk" to the "Exorcist stairs" on 1/14/2024 @ 01:55:48 (GMT). It is reasonable to believe that at 01"55:52 these directions were still happening.
NUHEHQ	29). What was the LAST location (place name) the user searched for in the Google maps app? Using Cellebrite Physical Analyzer, we got 10 answers : 901 N Glebe Rd, Arlington, VA 22203; 3101 S Manchester St, Falls Church, VA 22044; Kathmandu Restaurant II, 28th Street, Boulder, CO; License No. 1, 13th Street, Boulder, CO; 949 Walnut Street, Boulder, CO; sweetgreen, Wisconsin Avenue Northwest, Washington, DC; bars; Target, North Glebe Road, Arlington, VA; Mr. Smith's of Georgetown, Water Street Northwest, Washington, DC; The Exorcist Steps. But, since there is no timestamp included, we cannot give answer which one is last location searched.
Q77D9J	Question 13 was left blank. The answer is meant to say "Not within laboratory's scope." I was not able to submit the test with this in the answer field because it was not in the correct format (YYYY-MM-DD). Thank you.
T3BFNH	THANK YOU~!
U3QZ9F	This test was solved by 15 expert personnel. [List of Experts]
VCF2BB	The phone user was also recorded climbing the steps approx. 2 minutes earlier, the climb was a little labored. Nine minutes previous to that she semes to have picked up or got up from floor with an bah that was opened. This same bag was with her on the final fall.
VFVHJF	I dislike the date and time picker, I would much rather be able to type it in myself.
XLA3GC	For question 30, I could not find the exact time of requested in the question nor the latitude/longitude, only an audio file where the time was one second out.
Y8QV4B	For question 29, the last modified file (14/01/2024 16.45.00(UTC+0)) was the search cache for google maps (TarArchive/data/user/0/com.google.android.apps.maps/files/new_recent_history_cache_search.cs). In the cache, the last searched file was "Kathmandu Restaurant II, 28th Street, Boulder, CO". The last search which was timestamped (10/01/2024 3.35.10 (UTC+0)) was "901 N Glebe Rd, Arlington, VA 22203". For question 30, the response has been converted to the format that was asked. The original values were (38.905481, -77.070180).
